

## Supplementary Contextual Information for the Harku Municipality Satisfaction Survey - Demographic information -

The survey, conducted as an online survey (CAWI) from December 2nd to December 12th, 2022, gathered responses from 1,804 residents of Harku municipality. Invitations to participate were extended to all residents aged 16 and above, using email addresses registered in the population register (11,218 contacts). The distribution of respondents across settlements and cantons was proportional to the total population [1].

Table S1. Demographic Profile of the Respondents
