Recent Advances in Plant Molecular Science in China 2024

Guest Editor:

Dr. Ke Wang

Institute of Crop Sciences, Chinese Academy of Agricultural Sciences, Beijing 100081, China

Deadline for manuscript submissions:

31 August 2024

Message from the Guest Editor

Dear Colleagues,

This special issue aims to provide a comprehensive overview of recent advances in plant molecular science in China by inviting contributions from Chinese research institutes/laboratories that consolidate our understanding of this area. Potential topics regarding plants include, but are not limited to, biophysics, biochemistry, and molecular biology; cell biology; physiology; genomics/epigenomics; proteomics and metabolomics; bioactive phytochemicals; plant–microbe interactions; developmental biology; pests and diseases; synthetic biology; computational biology; and the development of new technologies in plant sciences. In this Special Issue, we welcome submissions in the form of comprehensive reviews or new research advancements in all the abovementioned areas.

Dr. Ke Wang

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
