Deadline for manuscript submissions:
15 July 2024

Message from the Guest Editors

Dear Colleagues,

The aim of this Special Issue is to inspire the innovation of knowledge and technology in the topic of "Novel Approaches to Improve Meat Quality and Safety". Specifically, this Special Issue should include but is not limited to the following fields: i) Novel technologies such as non-thermal technologies that are employed to enhance meat safety; ii) Novel technologies that are used to improve quality-related characteristics of meat; iii) The effect of the novel technology and the potential mechanisms; iv) chemical modifications for meat quality and safety improvement; v) novel natural ingredients for controlling meat quality and safety; vi) novel approaches for meat quality and safety inspection.

Dr. Lihui Du
Dr. Changyu Zhou
Guest Editors

Special Issue

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, Foods has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.
Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
