Message from the Editors-in-Chief

Optics (ISSN 2673-3269) aims at establishing *Optics* as a leading journal for publishing high impact fundamental research and applications in optics field with a fast processing time and high quality service. The journal particularly welcomes both theoretical (simulation) and experimental research within our journal's scope. We encourage scientists to publish their experimental and theoretical results in as much detail as possible. So, there is no restriction on the length or pages of the papers. The full experimental details must be provided so that the results can be reproduced. Electronic files and software regarding the full details of the calculation or experimental procedure, if unable to be published in a normal way, can be deposited as supplementary electronic material.

Editors-in-Chief

Prof. Dr. Thomas Seeger

Prof. Dr. Costantino De Angelis

Aims

Optics (ISSN 2673-3269) provides an advanced forum for studies related to high impact fundamental research and applications in optics and photonics. It publishes reviews, regular research papers, and short communications as well as Special Issues on particular subjects.

The aim of *Optics* is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. Therefore, the journal has no restriction on the maximum length of the papers. Full experimental details should be provided so that the results can be reproduced.

Scope

- Biomedical Optics
- Laser Optics
- Nanophotonics and Metamaterials
- Nonlinear Optics
- Optical Communication
- Optical Imaging
- Optical Properties
- Photonics
- Quantum Optics
- Sensors and Sensing
- Photovoltaics
- Optical Analysis Methods

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

A first decision is provided to authors approximately 26.7 days after submission; acceptance to publication is undertaken in 3.8 days (median values for papers published in this journal in the second half of 2023)
