Message from the Editor-in-Chief

Future Pharmacology is a scholarly journal that covers basic pharmacology, clinical pharmacology, drug discovery, and therapeutics. Our distinguished editorial board and refereeing process ensure the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access. We invite papers and reviews on multidisciplinary topics of pharmacology.

Editor-in-Chief

Prof. Dr. Fabrizio Schifano

Aims

Future Pharmacology (ISSN 2673-9879) is a peer-reviewed, open-access journal focusing on basic pharmacology, clinical pharmacology, drug discovery, and therapeutics; it aims to achieve a better understanding and dissemination of pharmacological sciences. The journal publishes full research papers, reviews, and communications. Authors are encouraged to publish their results in as much detail as possible.

Scope

- Drug design and discovery
- Drug metabolism
- Clinical pharmacology
- Biochemical pharmacology
- Cellular pharmacology
- Molecular pharmacology
- Drug–drug interactions
- Neuropharmacology
- Psychopharmacology
- Drug misuse and addiction
- Behavioral pharmacology
- Toxicology
- Pharmacogenetics
- Pharmacogenomics
- Biopharmaceuticals

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

Rapid Publication

A first decision is provided to authors approximately 20.5 days after submission; acceptance to publication is undertaken in 6.6 days (median values for papers published in this journal in the second half of 2023)
