## Reviews and Meta-Analyses in Forest Meteorology and Climate Change

Collection Editors:

**Prof. Dr. Giacomo Alessandro Gerosa**

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

**Dr. Riccardo Marzuoli**

Laboratory of Ecophysiology and Environmental Physics, Department of Mathematics and Physics, Università Cattolica del Sacro Cuore, via dei Musei 41, 20125 Brescia, Italy

### Message from the Collection Editors

Dear Colleagues,

This Topical Collection aims to collect high-quality **review** and **meta-analysis** papers in the forest meteorology and climate change research fields. We encourage researchers to contribute review papers that highlight the latest developments in their research field according to the topics listed in the section “Forest Meteorology and Climate Change” of this journal or contribute to the understanding of debated aspects in the same fields by performing accurate meta-analyses.

Review papers provide concise and precise updates on the latest progress made in a specific area. This Topical Collection welcomes reviews, systematic reviews, and meta-analyses.

Well-structured review papers will contribute to consolidating knowledge on forest meteorology and climate change research and would serve as a valuable starting point for further research.

## Editors-in-Chief

### **Prof. Dr. Cate Macinnis-Ng**

Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

### **Prof. Dr. Giacomo Alessandro Gerosa**

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

## Message from the Editorial Board

*Forests* (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

**Journal Rank:** JCR - Q1 (*Forestry*) / CiteScore - Q1 (*Forestry*)
