In the abstract and the text of the subject publication an article written by Einstein was incorrectly titled and referenced as THE FUNDAMENTS OF THEORETICAL PHYSICS *From Science, Washington, D. C. May 24, 1940.*

It has been kindly pointed out that the correct title and reference to the article is CONSIDERATIONS CONCERNING THE FUNDAMENTS OF THEORETICAL PHYSICS, Albert Einstein, *Science*, New Series, Vol. 91, No. 2369. (May 24, 1940), pp. 487-492.

Einstein's article was cited in its entirety in the above publication in order to provide the basis for further discussion. His original article may be found at URL:
