

Supporting Information files

a) Original Images of Western Blot - Supplementary Material III

A – dystrophin (DYS1)
B – dysferlin
C – alfa-sarcoglycan
D – beta-sarcoglycan
E – gamma-sarcoglycan
F – beta-dystroglycan
* - unspecific bands
MW - protein standards

A – dystrophin (DYS2)
B – dystrophin (DYS3)
C – dysferlin
D – beta-dystroglycan
* - inespecific bands
MW - protein standards

b) Original Image of gel - Supplementary Material IV

WT – Intron 74 reference sequence

P – Patient

M – Mother

C – Male control DNA

MW – molecular weight marker
