

PRISMA 2020 flow diagram for new systematic reviews which included searches of databases, registers and other sources

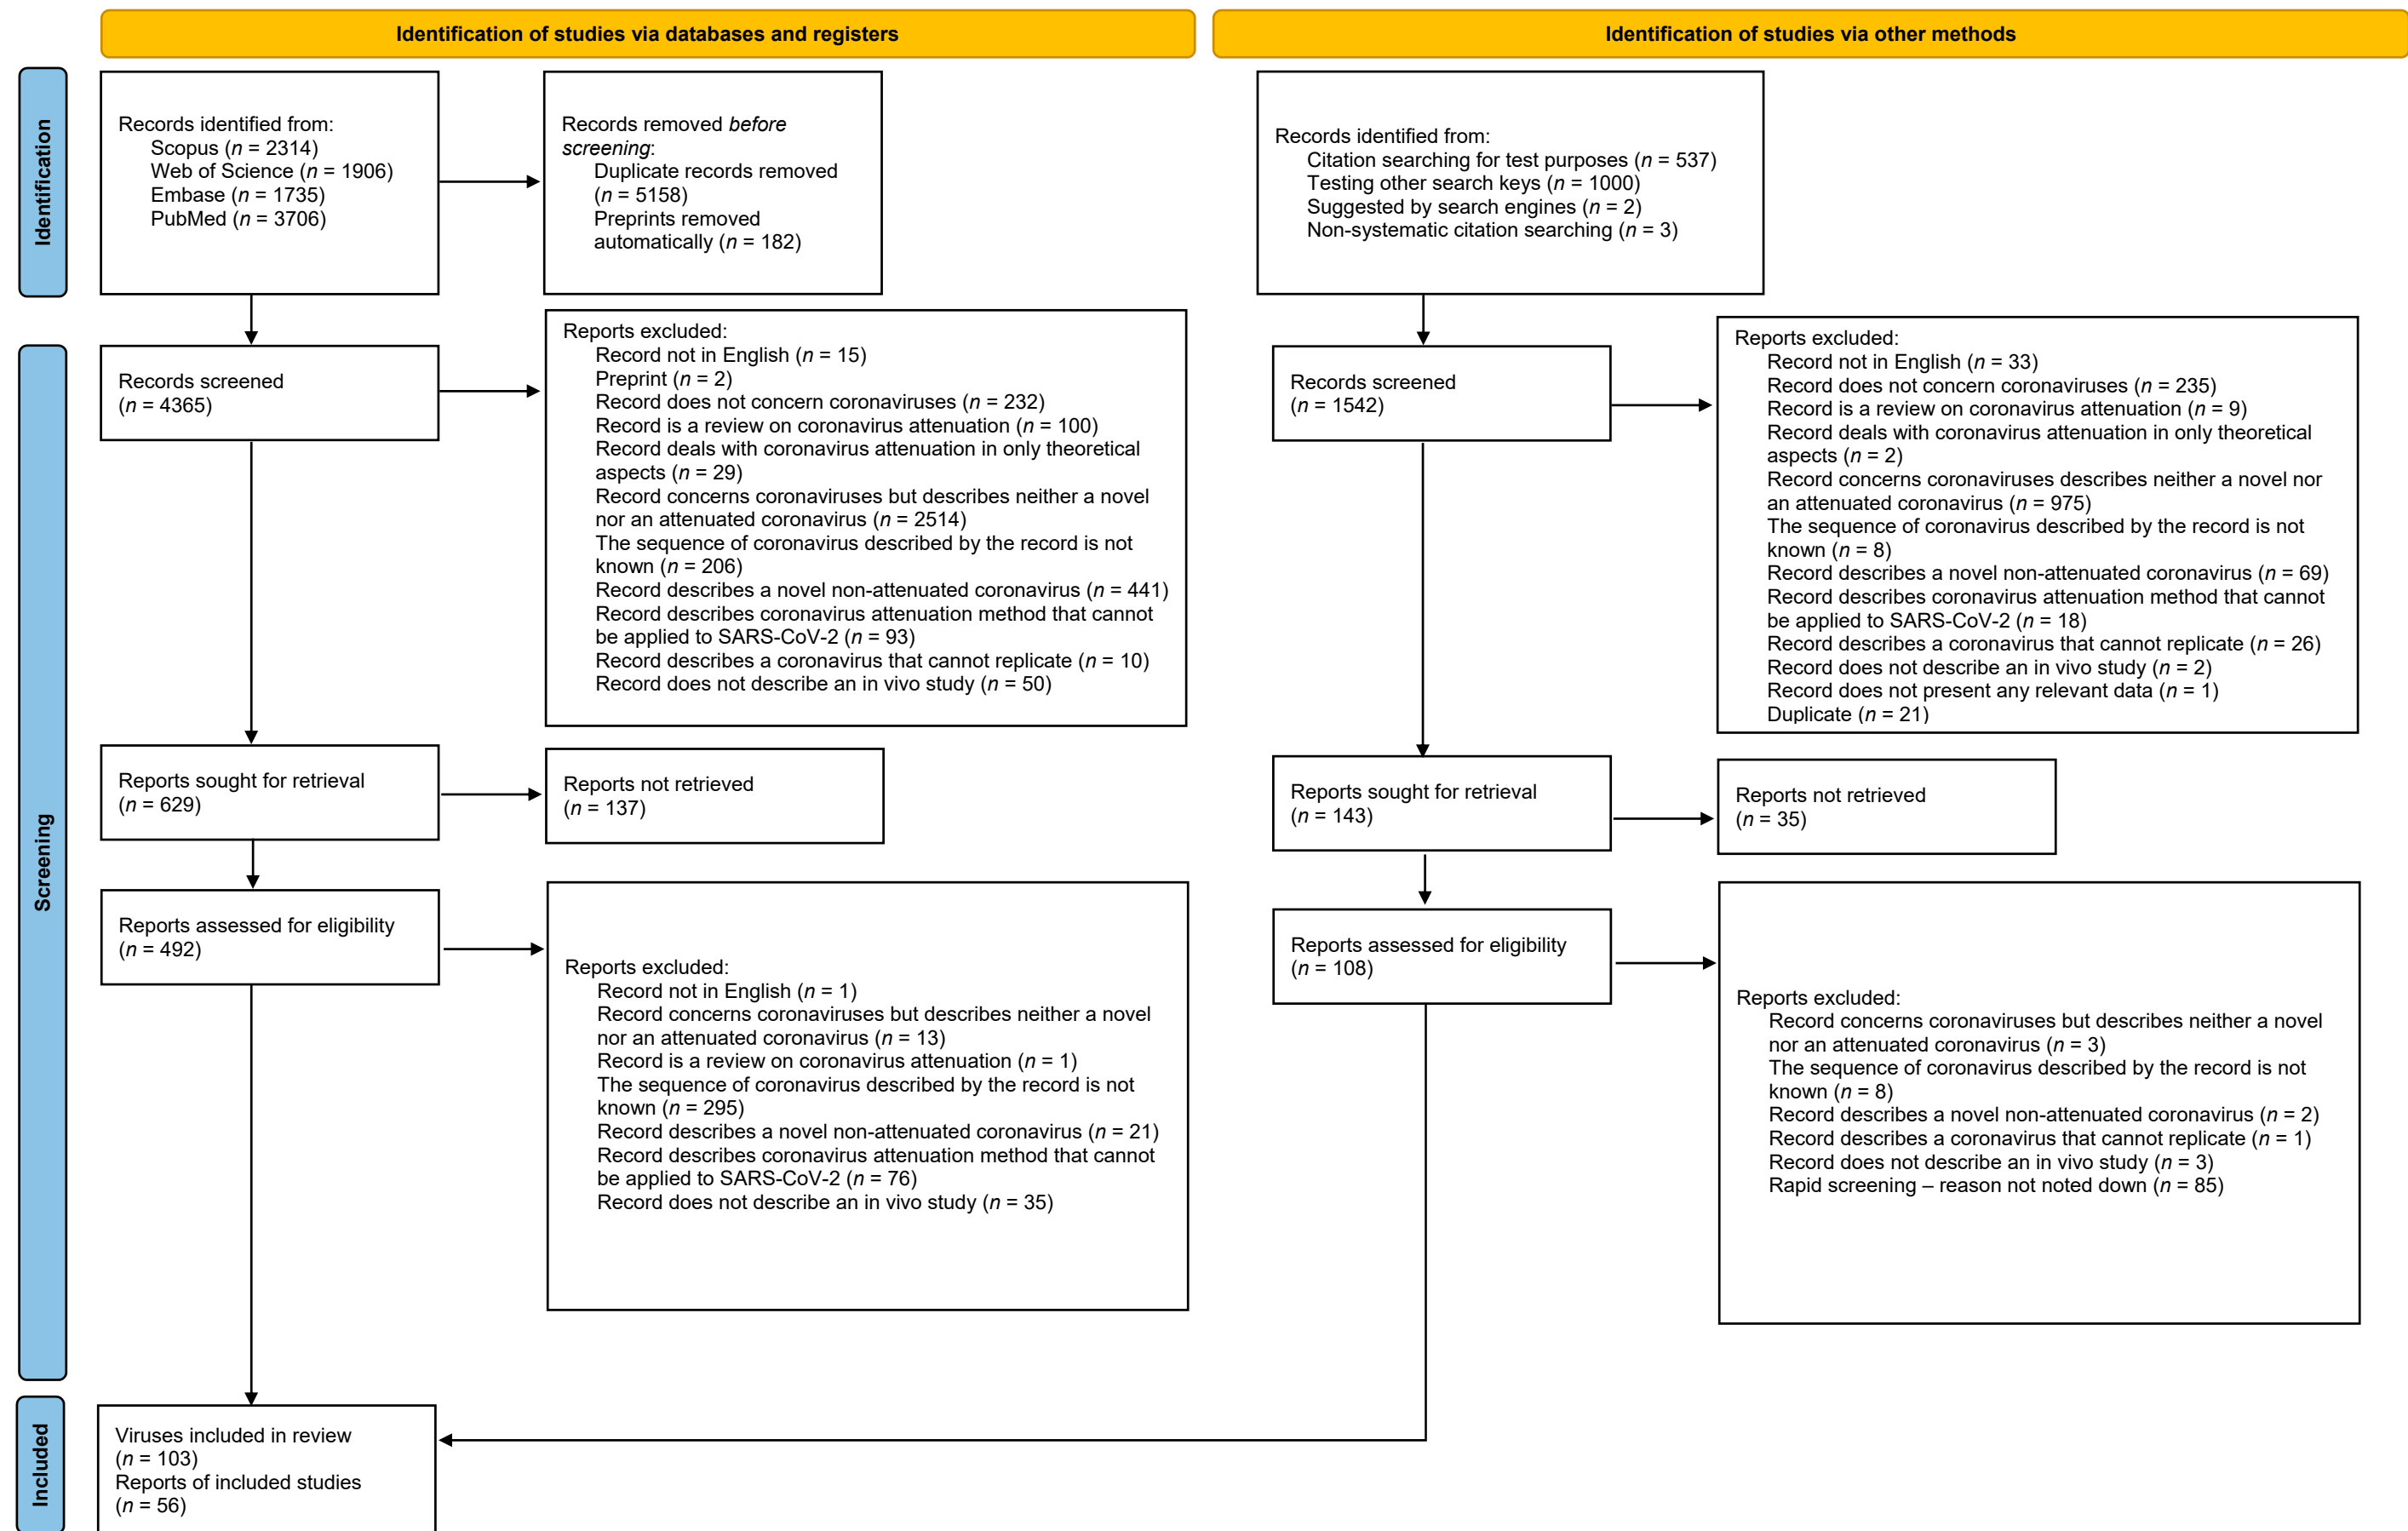

Figure S2. PRISMA 2020 flow diagram of studies.

*Consider, if feasible to do so, reporting the number of records identified from each database or register searched (rather than the total number across all databases/registers).

**If automation tools were used, indicate how many records were excluded by a human and how many were excluded by automation tools.
