

Supplementary Fig. S8A

Supplementary Figure S8A.

Protein quantification is performed by ImageJ analysis from Figure 1A

Supplementary Fig. S8B

Supplementary Figure S8B.

Protein quantification is performed by ImageJ analysis from Figure 1B (Left panel). FOXO3 protein quantification is shown in bar diagram with mean \pm -SEM from three independent experiments (Right Panel).

Supplementary Fig. S8C

Supplementary Figure S8C

Protein quantification is performed by ImageJ analysis from Figure 2B

Supplementary Fig. S8D

Supplementary Figure S8D

Protein quantification is performed by ImageJ analysis from Figure 4A

Supplementary Fig. S8E

Supplementary Figure S8E

Protein quantification is performed by ImageJ analysis from Figure 5B

Supplementary Fig. S8F

Supplementary Figure S8F

Protein quantification is performed by ImageJ analysis from Figure 6A

Supplementary Fig. S8G

Supplementary Figure S8G

Protein quantification is performed by ImageJ analysis from Figure 6B

Supplementary Fig. S8H

Supplementary Figure S8H

Protein quantification is performed by ImageJ analysis from Figure 7B

Supplementary Fig. S8I

Supplementary Figure S8I

Protein quantification is performed by ImageJ analysis from Figure S7A

Supplementary Fig. S8J

Supplementary Figure S8J

Protein quantification is performed by ImageJ analysis from Figure S7B

Supplementary Fig. S8K

Supplementary Figure S8K

Protein quantification is performed by ImageJ analysis from Figure S2A

Supplementary Fig. S8L

Supplementary Figure S8L

Protein quantification is performed by ImageJ analysis from Figure S2B

Supplementary Fig. S8M

Supplementary Figure S8M

Protein quantification is performed by ImageJ analysis from Figure S4A
