

Supplementary Figures

Supplementary Figure S1. Boxplots DNA methylation M-values for BDNF-coupled CpG-sites, their Median and Mean in the Discovery Group. Comparison of M-transformed methylation levels for independent BDNF-coupled CpG-sites, their median and mean in the Discovery group.

Supplementary Figure S2. Boxplots DNA methylation M-values for BDNF-coupled CpG-sites, their Median and Mean in the Validation Group. Comparison of M-transformed

methylation levels for independent BDNF-coupled CpG-sites, their median and mean in the Validation group.
