

Figure S1. Boxplot of *SLN* and *SNX7-ps1* expression according to rs11212346 genotypes. (a) *SLN* gene. No difference of expression is observed between the three groups ($p = 0.30$) and between [CC] and [CT] group ($p = 0.16$) (b) *SNX7-ps1* gene. No difference of expression is observed between the three groups ($p = 0.29$) and between [CC] and [CT] group ($p = 0.50$). [NS] : Not Significant
