		Epicardial	0	0	3	3	3	3	3	3	0	2	3	0	0	0	0	3	0

Lesions were scored on a semiquantitative scale; score 0 = normal, score 1 = mild, score 2 = moderate and score 3 = severe. \*The distributional pattern of kidney hemorrhages was determined from 0 to 4; 0 = normal, 1 = focal, 2 = oligofocal, 3 = multifocal, 4 = diffuse. A = autolysis, evaluation not possible; N/A = not available.
