

## KAP SURVEY

Statement for consent, read out:

“As part of Program Dharma I would like to record some information about how you feel about dogs in your community. This information will be shared with Program Dharma team members to help us understand the wishes of your banjar. If other people outside the Program Dharma team would like to see this data we will ensure your name and any other identifiers are removed first, so that the data is anonymous. Are you happy for me to continue?”

If they say no, thank them for their time and end the survey.
