Text Correction

There was an error in the original publication [1]. A correction has been made to the fourth paragraph in Section 3.4.1, “Corporate Contributions to SDG 7 (Affordable and Clean Energy)”. The second sentence “Gazprom has the biggest share, which has grown by a factor of 1.33 since 2019” should be changed to “Gazprom has the biggest share, which has grown by a factor of 2.33 since 2019”.

A correction has been made to the second paragraph in Section 3.4.2, “Corporate Contributions to SDG 13 (Climate Action)”. The third sentence “On the other hand, Rosneft saw a decrease of 2.8% and Lukoil experienced a decrease of 9.4% in emissions over the period” should be changed to “On the other hand, Rosneft saw a decrease of 2.8 and Lukoil experienced a decrease of 9.4 in emissions over the period”.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
