Table S1. Excluded studies (with reasons).

Study	Reason for exclusion
Yilmaz et al. 2013 [63]	New bone information is absent
Schaaf et al. 2007 [64]	Autologous bone graft
Schaaf et al. 2008 [65]	Autologous bone graft
Badr et al. 2016 [66]	Autologous bone graft
Khairy et al. 2012 [67]	Autologous bone graft
Raghoobar et al. 2004 [68]	Autologous bone graft
Consolo et al. 2007 [69]	Allograft
Karaca et al. 2017 [70]	New bone information is absent
Thor er al. 2005 [52]	Autologous bone graft
Thor et al. 2007 [71]	Autologous bone graft
Kassolis et al. 2005 [72]	Allograft
Witfang et al. 2003 [73]	Synthetic bone graft
Aimetti et al. 2009 [74]	Autologous bone graft
Lindeboom et al. 2007 [75]	Autologous bone graft
Poeschl et al. 2012 [76]	Algae-derived graft
Velich et al. 2004 [77]	Synthetic bone graft
Del Fabbro et al. 2013 [78]	New bone information is absent
Cömert et al. 2017 [79]	Synthetic bone graft
Cömert et al. 2016 [80]	Synthetic bone graft
