

Table S1. The summary of the expression pattern and subcellular localization of CCT ζ , CCT δ and CCT α .

Protein	the transcriptional level of the CCT subunit in <i>N. bombycis</i>			The intracellular location distribution of CCT subunits	
	Infective phase	Proliferative phases	Sporogonic phases	cytoplasm	nuclei
CCTζ	high	medium	low	+	-
CCTδ	high	medium	low	+	-
CCTα	low	medium	high	+	+
