^a Station 1, weather station#327501 (meteorological data) or air quality monitoring station#35T (PM_{2.5} and PM₁₀ data). ^b Station 2, weather station#327202 or air quality monitoring station#36T. ^c Total precipitation in Thailand only refers to total rainfall. ^d From January to April of 2011, PM_{2.5} data was unavailable, and from 2011 to June of 2016, data was only retrieved from a 36T station. Values in bold were indicated significantly difference between two stations (*p*-value < 0.05). Due to significant different of the meteorological data between two stations, only the data from station#327501 were used in this study.

Table S2. Details of district hospitals/health service centers in health service network of air pollution-related illness.

District	Hospital/Health Service Center	Decimal Degree		UTM Coordinates	
		Latitude	Longitude	X	Y
Muang	Central Chiangmai Memorial Hospital	18.773001	98.998464	499838.118	2075710.821
