

Researchers at Texas State University and Texas A&M University are conducting a research study to understand Texas absentee landowners' experiences. You are being asked to complete this survey because you have been identified as an absentee landowner in one of the Texas study regions. Participation is voluntary. The survey will take approximately 15 minutes or less to complete. You must be at least 18 years old to take this survey. Participants have the opportunity to win one of four \$50 visa gift cards.

This study involves no foreseeable serious risks. We ask that you try to answer all questions; however, if there are any items that make you uncomfortable or that you would prefer to skip, please leave the answer blank.

Your responses are confidential. Possible benefits from this study are assisting in governmental and nongovernmental land management organizations better serve absentee landowners' needs. Reasonable efforts will be made to keep the personal information in your research record private and confidential.

Any identifiable information obtained in connection with this study will remain confidential and will be disclosed only with your permission or as required by law. The members of the research team, the funding agency, and the Texas State University Office of Research Integrity and Compliance (RIC) may access the data. The RIC monitors research studies to protect the rights and welfare of research participants. Data will be kept for three years (per federal regulations) after the study is completed and then destroyed.
