Deadline for manuscript  
submissions:

**closed (28 February 2019)**

### Message from the Guest Editor

Dear Colleagues,

IS3C2018 is the fourth International Symposium on Computer, Consumer and Control, sponsored by the National Chin-Yi University of Technology. This conference offers a great opportunity for scientists, engineers, and practitioners to present the latest research results, ideas, developments, and applications. IS3C, held every two years, is hosted by the National Chin-Yi University of Technology and the National Kaohsiung University of Applied Science, 6–8 December 2018, in Taichung, Taiwan. Selected papers will be recommended to /Algorithms/ for Special Issue publication.

## Message from the Editor-in-Chief

*Algorithms* are the core of computational mathematics and computer science. The whole area has been considered from different perspectives, which has led to the development of several sub-communities. The aim is to bring together researchers and practitioners from different areas of computational mathematics and computer science and to offer a platform for interdisciplinary applications in different areas of science and technology. In this way, *Algorithms* may become a forum for the exchange of new stimulating ideas between the different sub-communities working in the area of algorithms and their applications and the presentation of high-quality novel algorithmic approaches.

## Author Benefits

**Open Access** : free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility**: indexed within Scopus, ESCI (Web of Science), Ei Compendex, and other databases.

**Journal Rank**: JCR - Q2 (Computer Science, Theory and Methods) / CiteScore - Q1 (Numerical Analysis)
