

Recent Applications of Big Data Management and Analytics

Guest Editors:

Prof. Dr. Talha Ali Khan

Faculty of Tech and Software
Engineering, University of Europe
of Applied Sciences, 14469
Potsdam, Germany

Dr. Steve Ling

Department of Electrical and
Data Engineering, University of
Technology Sydney, Sydney
00099F, Australia

Deadline for manuscript
submissions:

closed (10 May 2024)

Message from the Guest Editors

Academic interest in big data studies has grown substantially. However, decreasing the complexity of the data management system to extract optimal insights from large volumes of data is a constant management concern. In this context, the Special Issue on 'Recent Applications of Big Data Management and Analytics' of *Applied Sciences* encourages research at the intersection of strategic management and big data analytics to better understand how large amounts of data can be managed systematically and strategically to improve the practical implications of data for decision making, prediction, and classification using Artificial Intelligence methods.

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giulio Nicola Cerullo

Dipartimento di Fisica,
Politecnico di Milano, Piazza L.
da Vinci 32, 20133 Milano, Italy

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
