Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a Special Issue titled "Artificial Intelligence and Machine Learning for Improving Medical Treatment and Healthcare Systems." As the field of healthcare undergoes transformative changes driven by the advancements in artificial intelligence (AI) and machine learning (ML), we cordially invite you to contribute your cutting-edge research to this groundbreaking Issue.

We invite original research articles, review papers, case studies, and perspectives that explore the full potential of AI and ML in medical treatment and healthcare systems. All submissions will undergo a rigorous peer-review process to ensure the highest scientific standards.

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
