Message from the Guest Editor

Dear Colleagues,

The Special Issue of the journal *Applied Sciences*, “X-ray free electron lasers”, aims to cover recent advances in the development of XFELs and in the applications of XFELs in the field of physics, chemistry, and biology, as well as relevant theoretical studies in the fields.

Prof. Dr. Kiyoshi Ueda

Message from the Editor-in-Chief

As the world of science becomes ever more specialized, researchers may lose themselves in the deep forest of the ever increasing number of subfields being created. This open access journal Applied Sciences has been started to link these subfields, so researchers can cut through the forest and see the surrounding, or quite distant fields and subfields to help develop his/her own research even further with the aid of this multi-dimensional network.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Engineering, Multidisciplinary*) / CiteScore - Q1 (*General Engineering*)
