Message from the Guest Editor

Dear Colleagues,

This is a Special Issue of high-quality papers by the editorial board members, or those invited by the editorial office. Topics include but are not limited to the following items:

Behavior biology

Biochemistry and molecular biology

Bioinformatics

Biological engineering

Biophysics

Cell biology

Conservation biology and biodiversity

Developmental biology

Ecology

Evolutionary biology

Genetics and genomics

Immunology

Marine biology

Microbiology

Neuroscience

Pharmacology

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Biology*) / CiteScore - Q1 (*General Agricultural and Biological Sciences*)

Message from the Editorial Board

A major strength of biological science is the diversity of approaches that biological scientists apply to their research problems. *Biology* reflects this diversity and brings together studies employing the varied experimental and theoretical approaches that are fueling biological discovery. *Biology*, the journal, is a fully peer-reviewed publication with a rapid and economical route to open access publication and is listed on PubMed. All articles are peer-reviewed and the editorial focus is on determining that the work is scientifically sound rather than trying to predict its future impact.
