### Message from the Guest Editors

Dear Colleagues,

This Special Issue entitled "Molecular Characteristics of Cerebral Ischemia and Their Therapeutic Applications" delves into the intricate molecular aspects associated with cerebral ischemia and explores innovative therapeutic approaches including insights into pathophysiology, biomarkers, and novel treatment strategies. Based on your previous publications and expertise in this field of research, we would like to invite you to publish your work in this Special Issue.

Dr. E-Jian Lee

Dr. Shengyang Huang

*Guest Editors*

Deadline for manuscript  
submissions:

**31 August 2024**

## Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPUS / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Medicine (miscellaneous)*)
