submissions:

**closed (30 March 2024)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue of *Biomedicines* will mainly focus on the research progress of the pathogenesis, diagnosis and treatment of endometriosis.

The pathophysiologies of endometriosis and adenomyosis are extremely similar, and both are common chronic gynecological disorders. However, the pathogenic mechanisms are still unclear, which limits the options of diagnosis and treatment. Therefore, we devote ourselves to agglomerate brilliant ideas and information together from all over the world to form better diagnosis and treatment for the patients with endometriosis or adenomyosis.

We cordially invite authors in the field to submit the research or review articles related to this field of medicine.

Dr. Xinmei Zhang  
Prof. Dr. Chi Chiu Wang  
*Guest Editors*

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

*Biomedicines* (ISSN 2227-9059) is an open access journal devoted to all aspects of research on human health and disease, the discovery and characterization of new therapeutic targets, therapeutic strategies, and research of naturally driven biomedicines, pharmaceuticals, and biopharmaceutical products. Topics include pathogenesis mechanisms of diseases, translational medical research, biomaterial in biomedical research, natural bioactive molecules, biologics, vaccines, gene therapies, cell-based therapies, targeted specific antibodies, recombinant therapeutic proteins, nanobiotechnology driven products, targeted therapy, bioimaging, biosensors, biomarkers, and biosimilars. The journal is open for publication of studies conducted at the basic science and preclinical research levels. We invite you to consider submitting your work to *Biomedicines*, be it original research, review articles, or developing Special Issues of current key topics.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPUS / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (*Pharmacology & Pharmacy*) / CiteScore - Q2 (*Medicine (miscellaneous)*)
