Hedgehog Signaling in Development and Cancer 2021

Guest Editor:

Dr. Xiaoyan Zheng

Department of Anatomy and Cell Biology, The George Washington (GW) Cancer Center, George Washington University School of Medicine and Health Sciences, Washington, DC 20052-20037, USA

Deadline for manuscript submissions:

closed (30 June 2021)

Message from the Guest Editor

Dear Colleagues,

This Special Issue offers an Open Access forum that aims to bring together a collection of original research articles, reviews, and communications on the function of Hh signaling in development, human cancers, and diseases, as well as on the role of Hh signaling molecules as diagnostic, prognostic, and therapeutic targets.

Keywords

- Hedgehog signaling
- development
- primary cilium
- tumor–stroma interaction
- cancer-promoting effects
- cancer-restraining effects
- target therapy

Editors-in-Chief

Prof. Dr. Alexander E. Kalyuzhny

Neuroscience, UMN Twin Cities,
6-145 Jackson Hall, 321 Church St
SE, Minneapolis, MN 55455, USA

Prof. Dr. Cord Brakebusch

Biotech Research & Innovation
Centre, The University of
Copenhagen, Copenhagen,
Denmark

Message from the Editorial Board

Cells has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [CAPus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Cell Biology*) / CiteScore - Q1 (*General Biochemistry, Genetics and Molecular Biology*)
