Deadline for manuscript  
submissions:

**closed (1 December 2023)**

### Message from the Guest Editor

Dear Colleagues,

The purpose of this Special Issue is to provide a collection of high-quality research papers covering a wide range of topics on new insights into commodities markets under uncertainty. We welcome original empirical and theoretical contributions to any aspects of soft commodities markets, such as agricultural products, and hard commodities markets, such as gold, rubber, natural gas, and crude oil. We also welcome papers related to recently developed commodities markets, such as emissions and electricity.
