Urologic Oncology: Biomarkers, Diagnosis, and Management

Guest Editors:

Dr. Roberto Contieri

- Department of Biomedical Sciences, Humanitas University, Pieve Emanuele, Italy
 Department of Urology, IRCCS Humanitas Research Hospital, Rozzano, Italy
- Dr. Giovanni Lughezzani
- 1. Department of Urology, Humanitas Clinical and Research Center, Rozzano, Italy 2. Department of Biomedical Sciences, Humanitas University, Pieve Emanuele, Italy

Message from the Guest Editors

This Special Issue aims to comprehensively explore cuttingedge research in the field, with a particular focus on biomarkers, diagnostic advancements, and innovative management strategies. We invite contributions that delve into the latest developments that shape our understanding of urologic oncology, fostering a collaborative exchange of insights to advance patient care. As we navigate the intricate landscape of urologic malignancies, this Special Issue endeavors to spotlight emerging trends and breakthroughs, catalyzing impactful discussions within our scientific community.

Deadline for manuscript submissions:

30 September 2024

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q2 (*Medicine, General & Internal*)
