

Design, Development, and Applications of Service and Social Robots

Guest Editor:

Prof. Dr. In Lee

School of Computer Sciences,
Western Illinois University,
Macomb, IL 61455, USA

Deadline for manuscript
submissions:

closed (31 December 2023)

Message from the Guest Editor

This Special Issue welcomes original research articles and reviews that provide new approaches and perspectives or introduce new challenges and tasks related to the design, development, and applications of service and social robots. Research areas may include (but not limited to) the following:

RECOMMENDED TOPICS:

Topics to be discussed in this Special Issue include (but are not limited to) the following:

- Analysis and design of service and social robots;
- Design of human–robot interaction;
- Economic, social, and cultural issues of service and social robots;
- Human factors in service and social robots;
- Service and social robot evaluation techniques;
- Service and social robot applications;
- Ethnography in service and social robots;
- Theories, models, and issues of service and social robots;
- Trust, reputation, security, and privacy issues in service and social robots development.

an Open Access Journal by MDPI

Torino, Italy

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
