Deadline for manuscript
submissions:

closed (15 August 2024)

Message from the Guest Editor

Dear Colleagues,

In this Special Issue, we are interested in high-quality submissions that mainly highlight recent advances in massive MIMO mmWave systems. The topics of interest include, but are not limited to, the following:

- Low complexity millimeter wave and massive MIMO architectures (e.g., hybrid);
- Analog–digital transmit and receive beamforming;
- Massive MIMO cell-free schemes;
- Cell-free massive MIMO with radio strips;
- Joint sensing and communication beamforming;
- Distributed and centralized transmit and receive schemes;
- Physical layer security in the context of massive MIMO mmWave systems;
- Reconfigurable and large intelligent surfaces;
- NOMA schemes for massive MIMO and millimeter wave systems.

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), [Ei Compendex](#) and [other databases](#).

Journal Rank: JCR - Q2 (Engineering, Electrical and Electronic) / CiteScore - Q1 (Electrical and Electronic Engineering)
