Computational Engineering,
University of Southampton,
Southampton SO16 7QF, UK

Message from the Guest Editors

The 2018 IEEE International Conference on Applied System Innovation (IEEE ICASI 2018) will be held in Chiba and Tokyo in Japan, on 13–17 April 2018, and will provide a unified communication platform for material topics. This Special Issue on “Selected Papers from IEEE ICASI 2018” is expected to select excellent papers presented at IEEE ICASI 2018 about the topics of electronics and its applications. Electronic Engineering and Design Innovations are both an academic and practical engineering fields that involve systematic technological materialization through scientific principles and engineering designs. Technological innovation via Electronic Engineering includes electrical circuits and devices, computer science and engineering, communications and information processing, and electrical engineering communications. The main goal of this Special Issue is to discover new scientific knowledge relevant to followings topics, but are not limited to:

- electrical circuits & devices
- computer science and engineering
- communications & information processing
- electrical engineering communications
- systems & control engineering

Deadline for manuscript
submissions:

Message from the Editor-in-Chief

Electronics is a multidisciplinary journal designed to appeal to a diverse audience of research scientists, practitioners, and developers in academia and industry. The journal is devoted to fast publication of latest technological breakthroughs, cutting-edge developments, and timely reviews of current and emerging technologies related to the broad field of electronics. Experimental and theoretical results are published as regular peer-reviewed articles or as articles within Special Issues guest-edited by leading experts in selected topics of interest.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Electrical and Electronic Engineering*) CiteScore - Q2 (*Electrical and Electronic Engineering*)
