### Message from the Guest Editors

This Special Issue seeks to foster a collaborative space for researchers from diverse disciplines. The focus is on sharing pioneering solutions, insights, and breakthroughs centred on energy and thermal comfort synergy within our built environments.

We invite authors to share their expertise, from innovative technical strategies to comprehensive reviews, insightful case studies, and rigorous analytical studies. The overarching objective is to deepen our understanding of sustainable practices within built environments, emphasizing energy efficiency and thermal comfort.

Deadline for manuscript  
submissions:

**1 November 2024**

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (*Engineering (miscellaneous)*)
