Message from the Guest Editors

Dear Colleagues,

We are pleased to invite you to submit your high-level scientific papers to a Special Issue of *Energies* (IF 2.707) entitled “Refrigeration Systems and Applications”.

The Special Issue “Refrigeration Systems and Applications” aims to encourage researchers to solve the concerns associated with these topics and to further the transition to more sustainable technologies and methodologies of tomorrow through theoretical, experimental, and review research on the different applications of refrigeration and associated topics.

We look forward to your submissions, which will be peer-reviewed by international colleagues with broad expertise in this specific topic.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
