Big Data on Energy, Climate Change and Sustainability

Guest Editors:

Prof. Dr. Rameshwar Dubey

Prof. Dr. Angappa Gunasekaran

Prof. Dr. Thanos Papadopoulos

Prof. Dr. Cyril Foropon

Deadline for manuscript submissions:
closed (31 August 2021)

Message from the Guest Editors

We invite you to submit your original research or review-based works to this Special Issue on "Big Data on Energy, Climate Change and Sustainability" in *Energies*.

In this Special Issue, we welcome contributions within the general area integrating big data, artificial intelligence, climate change, and sustainability. The topics of interest include but are not limited to the following:

- Big data analytics in building climate resilient supply chains;
- Big data analytics and artificial intelligence in sustainable operations management practices;
- Information sharing and technology adoption in sustainable operations;
- Big data analytics in disaster relief operations resulting due to climate change;
- Big data analytics, artificial intelligence, and social sustainability;

Special Issue

Department of Mechanical and
Aerospace Engineering,
University of Roma Sapienza, Via
Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
