## Infections of Aquatic Animals

Guest Editor:

**Dr. Danny Morick**

Department of Marine Biology,  
Leon H. Charney School of  
Marine Sciences, University of  
Haifa, Haifa 3498838, Israel

Deadline for manuscript  
submissions:

**closed (31 October 2023)**

### Message from the Guest Editor

Dear Colleagues,

Aquaculture is the farming of aquatic organisms in both coastal and inland areas involving interventions in the rearing process to increase production. Aquaculture and mariculture are growing rapidly worldwide, more so than any other animal-food-producing sector. Aquaculture production has increased from 9% of fishery resources in 1980 to almost 50% today. The most important limiting factor in global aquaculture is emerging infectious diseases, especially viral diseases. Viral diseases in fish are continually and rapidly spreading in fish farms, causing enormous economic losses. This Special Issue will promote original knowledge about marine biology, while also relating to marine ecology and public health issues.

Dr. Danny Morick

## Editor-in-Chief

**Prof. Dr. Maria Angeles Esteban**

Department of Cell Biology and Histology, Faculty of Biology, University of Murcia, 30100 Murcia, Spain

## Message from the Editor-in-Chief

*Fishes* is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubAg](#), [FSTA](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Marine and Freshwater Biology)

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
