Deadline for manuscript
submissions:

closed (15 December 2019)

Message from the Guest Editors

Dear Colleagues,

Starch is primarily used as a key food for sustainable energy, yet advancements in technology have shown starch as a viable ingredient for other industries. Therefore, understanding the physicochemical properties and roles of starch across industries is critical as processing needs, analytical methods, and existing applications evolve. This Special Issue will highlight the advancements in starch production and its effect on foods, new techniques to characterize starches in foods and other commodities, and opportunities for novel starch applications across industries.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
