Health Benefits of Dietary Polysaccharides on Metabolic Disorders via Regulating Gut Microbiota

Guest Editors:

Prof. Dr. Dingtao Wu

Dr. Ren-You Gan

Dr. Yichen Hu

Deadline for manuscript
submissions:

closed (15 October 2023)

Message from the Guest Editors

This Special Issue aims to focus on how gut microbiota metabolizes dietary polysaccharides and their structure-function relationships on the regulation of gut microbiota, as well as the beneficial effects and mechanisms of action of dietary polysaccharides on metabolic disorders via regulating gut microbiota. We welcome different types of manuscripts, including original research articles and up-to-date reviews.

Potential topics include but are not limited to:

- Structural characterization and physicochemical modification of dietary polysaccharides derived from food materials and their potential to regulate gut microbiota
- Digestive and metabolic behaviors of dietary polysaccharides, as well as the interaction with gut microbiota.
- Structure-function relationships of dietary polysaccharides on the regulation of gut microbiota.
- Health benefits and mechanisms of action of dietary polysaccharides on metabolic disorders by regulating gut microbiota.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **SCIE (Web of Science)**, **PubMed**, **PMC**, **FSTA**, **AGRIS**, **PubAg**, and **other databases**.

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
