

Recent Advances in Wood Modification and Wood Functionalization Research

Guest Editors:

Dr. Máttyás Báder

Institute of Wood Technology and Technical Sciences, Faculty of Wood Engineering and Creative Industries, University of Sopron, Bajcsy-Zsilinszky 4, 9400 Sopron, Hungary

Dr. Miklós Bak

Faculty of Wood Engineering and Creative Industries, University of Sopron, Sopron, Hungary

Prof. Dr. Róbert Németh

Institute of Wood Technology and Technical Sciences, Faculty of Wood Engineering and Creative Industries, University of Sopron, Bajcsy-Zsilinszky 4, 9400 Sopron, Hungary

Deadline for manuscript submissions:

30 September 2024

Message from the Guest Editors

This Special Issue aims to present the most recent advances in the field of diverse wood modification technologies and the research results that support them in order to obtain high-performance bio-based materials and composites. In this Special Issue, original research articles and reviews are welcome. Research topics may include (but are not limited to) the following:

- Modification of solid wood;
- Biocomposites and wood-based products;
- Nanomaterials in wood and wood-based materials;
- Chemical modification processes;
- Natural fibers;
- Plasma treatment;
- Fungal mycelium treatment;
- Enzymatic treatment;
- Combined modification processes;
- Functionalization of wood or its surface;
- Weather resistant wood and wood-based materials;
- Dimensionally stable wood and wood-based materials;
- Wood and wood-based materials with improved decay resistance;
- Application of wood and wood-based products;
- Destructive and non-destructive testing of wood;
- Future perspectives for innovative approaches to wood modification;
- Currently unused modification technologies.

an Open Access Journal by MDPI

Editors-in-Chief

Prof. Dr. Cate Macinnis-Ng

Department of Biological Sciences, Faculty of Science, University of Auckland, Private Bag 92019, Auckland 1142, New Zealand

Prof. Dr. Giacomo Alessandro Gerosa

Department of Mathematics and Physics, Catholic University of Brescia, I-25121 Brescia, Italy

Message from the Editorial Board

Forests (ISSN 1999-4907) is an international and cross-disciplinary, scholarly forestry journal. The distinguished editorial board and refereeing process ensures the highest degree of scientific rigor and review of all published articles. Original research articles and timely reviews are released online, with unlimited free access.

Our goal is to have *Forests* be recognized as one of the foremost publication outlets for high quality, leading edge research in this broad and diverse field. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global forestry community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, GEOBASE, PubAg, AGRIS, PaperChem, and other databases.

Journal Rank: JCR - Q1 (*Forestry*) / CiteScore - Q1 (*Forestry*)
