

genes

Have you ever considered guest editing one of our *Genes* Special Issues?

We plan to give one of our guest editors a monetary award towards the cost of presenting their work at an international scholarly conference of their choice.

Our **2017 Guest Editor Award** is in recognition of the scientific contribution of guest editors actively collaborating with us to bring the latest advances in the most trending research topics to *Genes*.

2017 BEST GUEST EDITOR AWARD

The award consists of **1200 CHF**. All Special Issues completed in 2017 will be eligible for the 2017 Guest Editor Award in *Genes*. The editorial team will select it based on the number of submissions received in the various Special Issues and the quality of submissions.

The requirements of eligible Special Issues are:

1. Completed in 2017.
2. Minimum of 10 manuscripts published.

Genes (ISSN 2073-4425; CODEN: GENEG9) is an open access journal of genetics and genomics published monthly online by MDPI.
