Department of Clinical and
Experimental Medicine,
University of Foggia, 71122
Foggia, Italy

Deadline for manuscript
submissions:

closed (31 December 2021)

Message from the Guest Editor

Given the importance of the topic, the journal Healthcare is launching a Special Issue entitled “Forensic Science and Legal Medicine: A Multidisciplinary Puzzle!” with the aim of gathering accurate and up-to-date scientific information on all aspects of this theme, collecting original investigations, case series and case reports, and reviews in all forensic and medico-legal branches. Particularly, this Special Issue aims to provide an overview of recent technological advances in all fields of the forensic and medico-legal sciences, such as forensic pathology, anthropology, criminalistics, digital and multimedia sciences, engineering and applied sciences, pathology/biology, psychiatry and behavioral science, jurisprudence, odontology, risk management, questioned documents, and toxicology.

Similar submissions dealing with forensic aspects of other sciences and the social sciences are also welcome, as are submissions dealing with scientifically sound emerging science disciplines.
