Cardiovascular and Cerebrovascular Diseases: From Pathology to Therapeutic Perspectives

Guest Editor:

Prof. Dr. Lih Kuo

Department of Medical Physiology, Texas A&M University Health Science Center, Bryan, TX 77807, USA

Deadline for manuscript submissions:

31 August 2024

Message from the Guest Editor

Cardiovascular and cerebrovascular diseases are diseases of the blood vessels in the heart and brain. They are common causes of premature death and disability in humans

This Special Issue aims to collect high-quality research articles, comprehensive reviews, and novel communications reflecting fundamental and molecular research on all kinds of cardiovascular and cerebrovascular diseases. We encourage the submission of manuscripts that provide novel and mechanistic insights and papers that report significant advances in the field.

The topics of interest for this Special Issue include, but are not limited to, the following:

- Aneurysms;
- Aortic disease;
- Cerebrovascular disease;
- Congenital heart disease;
- Coronary/cerebral artery disease;
- Coronary/cerebral ischemia;
- Coronary/cerebral thrombosis;
- Deep vein thrombosis;
- Genetic cardiovascular/cerebrovascular disease;
- Heart attack;

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
