

Molecular Research on Breast Cancer Diagnosis and Treatment

Guest Editor:

Dr. Hidetaka Kawabata

Department of Breast and
Endocrine Surgery, Toranomon
Hospital, Tokyo 105-8470, Japan

Deadline for manuscript
submissions:

20 June 2024

Message from the Guest Editor

Dear Colleagues,

Breast cancer is the most diagnosed cancer type for women, accounting for one in eight cancer diagnoses worldwide. While the number of cases and deaths are expected to continue to rise, advances in screening, early diagnosis, and treatment are steadily improving the survival rate of breast cancer patients. Advances in diagnostic imaging, symbolized by the application of artificial intelligence, the accumulation of genetic knowledge, and advances in molecular biology and pharmacology are being applied in various forms to clinical practice, updating the standard of care and revolutionizing the future. This Special Issue aims to collect original research, meta-analyses, reviews, and letters related to the diagnosis and treatment of breast cancer at the molecular level.

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
