Street, Liverpool L3 5UA, UK

Deadline for manuscript  
submissions:

**closed (28 February 2019)**

### Message from the Guest Editor

Mitochondrial dysfunction and oxidative stress have been implicated in the pathogenesis of a number of diseases and conditions. The mitochondrial electron transport chain (ETC) is particularly vulnerable to reactive oxygen (ROS) and nitrogen (RNS) species induced impairment either as the result free radical induced damage to the enzyme complexes, mitochondrial DNA or mitochondrial membrane phospholipids. Once impaired the ETC then becomes a major source of ROS generation, which results in further damage to the ETC, as well compounding the cellular oxidative stress.

This Special Issue requests original research, mini and full reviews, and perspectives that address the progress and current standing in the field of mitochondrial dysfunction and oxidative stress.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. José L. Quiles

Department of Physiology,  
Institute of Nutrition and Food  
Technology “Jose Mataix”,  
Biomedical Research Center,  
University of Granada, Avda.  
Conocimiento s/n, 18100 Armilla,  
Granada, Spain

## Message from the Editor-in-Chief

The *International Journal of Molecular Sciences (IJMS)* is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, and molecular biophysics. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (Biochemistry and Molecular Biology) / CiteScore - Q1 (Inorganic Chemistry)
