Dear Colleagues,

We are excited to announce a Special Issue dedicated to exploring the intricate landscape of tumor evolution in cancer. As our understanding of cancer continues to evolve, unraveling the complexities of tumor progression and response to treatment remains paramount. We invite researchers from diverse backgrounds to contribute their cutting-edge research papers shedding light on topics such genetic mutations. clonal evolution. heterogeneity, metastasis, and therapeutic resistance. Through collaborative efforts, we aim to deepen our understanding of tumor dynamics and pave the way for innovative strategies in cancer management. Join us in this endeavor to advance this field and make a meaningful impact on patient care.
