### Message from the Guest Editors

Dear Colleagues,

Disorders of the pancreas such as chronic and acute pancreatitis and pancreatic cancers of different histologies are a major health issue for humans across the world. Pancreatic ductal adenocarcinoma is especially fatal, with a dismal five-year survival rate of less than 5%. This is attributed to the lack of early detection, aggressiveness of the cancer, which responds poorly to the therapy, and poor drug accessibility to the highly dense and desmoplastic stroma of pancreatic neoplasms. This special thematic issue is expected to cover the basic biology and the therapeutic strategies being used to combat pancreatic ductal adenocarcinomas. We expect that this Special Issue will provide the latest information of the above topics and will be of interest to those scientists and clinicians working in the area of pancreatic disorders. For detailed information, you can refer to [http://www.mdpi.com/journal/ijms/special\\_issues/pancreatic\\_disorders](http://www.mdpi.com/journal/ijms/special_issues/pancreatic_disorders)

## Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
