### Message from the Guest Editors

Welcome to our Special Issue on "*Endoscopic Techniques in Digestive and Gynecological Diseases*". This compilation delves into new medical innovations, exploring the instrumental role of endoscopy in revolutionizing the diagnosis and treatment of conditions affecting the digestive and gynecological systems. Gastroenterology's arsenal boasts procedures such as upper gastrointestinal endoscopy, colonoscopy, and endoscopic ultrasound, offering precise visualization and targeted interventions. Simultaneously, gynecology harnesses the power of hysteroscopy, laparoscopy, and specialized imaging techniques to address a spectrum of female reproductive health challenges. This collection unveils the latest advancements, breakthroughs, and multidisciplinary approaches that illuminate the path toward enhanced patient outcomes, underscoring the pivotal role of endoscopic techniques in shaping the future of medical practice for digestive and gynecological ailments. Please submit your manuscript to this Special Issue, where cutting-edge research converges with clinical excellence to redefine the standards of care in these dynamic medical domains.

## Message from the Editorial Board

*Journal of Clinical Medicine* (ISSN 2077-0383) is an international, peer-reviewed, open access journal dedicated to advancing clinical and preclinical research. Our Editorial Board and staff are committed to delivering cutting-edge, timely, peer-reviewed articles spanning the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and impactful research articles, as well as reviews that are clinically significant and relevant to the full spectrum of medical disciplines. All full texts are archived in PubMed Central and indexed in SCIE (Web of Science), Scopus, PubMed, and other major databases. We invite you to submit your manuscript for publication, as well as join our community as a reviewer or reader online.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [CAPLUS / SciFinder](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
