Lôme (UMR CNRS 6027 IRDL), University of Brest, 29238 Brest, France

Deadline for manuscript submissions:

closed (25 May 2023)

Message from the Guest Editor

Dear Colleagues,

This Special Issue aims to collect high-quality review papers in Ocean Engineering research fields and thus create a space where readers can find ocean engineering critical reviews on methods, solutions, as well as prospects. In this context, manuscripts that review theoretical, experimental, and computational studies are targeted, and researchers are encouraged to contribute review papers highlighting latest developments. The topics of this Special Issue include but are not limited to marine and offshore renewable energy, fixed and floating offshore platforms, cables and mooring, buoy technology, foundation engineering, and subsea engineering.

Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

Oceans Graduate School and The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

Message from the Editor-in-Chief

The Journal of Marine Science and Engineering (JMSE; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)
