Message from the Guest Editors

We are pleased to invite you to submit manuscripts for peer review for the Special Issue of *Land* entitled “**Selected Papers from Visual Resource Stewardship Conferences 2019 and 2021**”

This Special Issue aims to publish the latest international research and application of visual/scenic landscape resource stewardship assessment methods. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Ethics, equality and equity in landscape assessment practice;
- Public perception, participation engagement and conflict resolution;
- Valuation of landscape resources and cultural ecosystem services;
- Federal and state government programs, regulations and policies;
- Urban community visual resource management;
- Visual landscape and cultural resource management and mitigation;
- Integration of visual resource inventory with multi-resource assessment;
- Visual resource management tools and technology.
