Message from the Guest Editor

Dear colleagues,

On May 8th, 2023, we will celebrate the 15th Anniversary of the entry into force of the UN Convention on the Rights of Persons with Disabilities. This Convention was a remarkable milestone, which deeply changed the approach of society and Law regarding people with disabilities. However, the implementation of the Convention in national legal systems is progressing slowly and faces considerable difficulties. In many countries, people with disabilities are still deprived of their human rights or do not have the necessary support to overcome the barriers which hinder their full participation in society. Moreover, the COVID-19 pandemic has particularly affected people with disabilities, who in many cases have even been denied appropriate sanitary assistance.

This Special Issue aims to provide the scientific knowledge necessary to improve the implementation of the UN Convention and to help people with disabilities to face the new challenges of an increasing digital world. Among other goals, *Laws* intends to bridge traditional boundaries and challenge the injustices inherent in the law, and this Special Issue will contribute to these ends.

Message from the Editor-in-Chief

Laws is an international, open access journal featuring rigorous scholarship on critical developments in governance, courts, agencies, and social order. Analysis and synthesis, theory and practice, and empirical and doctrinal work have appeared in the journal; contributions that bridge these traditional boundaries are particularly welcome. The social sciences and humanities generate insights both from and for the legal system. While theory grounds *Laws* in a timeless dialogue shaped by traditions of inquiry, legal practice ensures that scholars are addressing pressing problems. Both normative and positive scholarship can aid policymakers, judges, and agency officials. *Laws* brings together the work of theorists and practitioners, and a diverse range of empirical researchers, to promote the progress of foundational legal norms.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), RePEc, vLex Justis, CanLII, Law Journal Library, and other databases.

Journal Rank: CiteScore - Q2 (*Law*)
